

Flash Mob

Shinjuku Expansion

Revision 1

The **Flash Mob** expansion adds Flash Mob tokens that cause a burst of customers to appear in the same location.

Components

- 8 Flash Mob tokens with numbers from 2 to 4 ("2"x2, "3"x4, "4"x2)

Rules

Setup

Before the game starts, add the 8 Flash Mob tokens to the customer bag.

Gameplay

When a Flash Mob token is randomly drawn as a customer, the Flash Mob token is instead replaced with a burst of customers.

All of the customers are placed in the location selected for the Flash Mob. The number of customers drawn is indicated by the number on the Flash Mob token.

The Flash Mob token is then removed from the game.
